CE & CME
Credits***

The Postgraduate Programs at Adelphi University's Derner School of Psychology invites licensed providers to attend a training with HealthRight International's Human Rights Clinic (HRC) on:

Saturday, October 5, 2019, 9:00AM – 3:30PM
Adelphi University – Manhattan Center
75 Varick Street, Rooms 260/261, New York, NY 10013

Learn to evaluate immigrant survivors of torture and human rights abuses

Learn how to provide expert medical and psychological clinical evaluations for immigrant survivors seeking asylum and other relief in the United States
THIS TRAINING WILL COVER CHILD, ADOLESCENT, & ADULT SURVIVORS

5 SW, MFT, MHC, PsyD, PhD CEU credits available through
Adelphi University School of Social Work & Derner School of Psychology and
5 CME credits available through the American Academy of Family Physicians (*pending)

Acquire unique skills to help asylum seekers gain safety in the U.S.

TRAINING OBJECTIVES

Understand the legal protections available to child and adult immigrant survivors & the role of clinicians as expert witnesses

Describe key types of physical & psychological torture and abuse

Build skills to conduct culturally and clinically-sensitive examinations of survivors

Learn to prepare effective written and oral testimony for immigration proceedings

Learn about becoming a Human Rights Clinic volunteer clinician
